Education

New York University Abu Dhabi Aug 2025 – May 2029
B.S. in Computer Science & Interactive Media (double major), GPA: 3.9/4.0 *Abu Dhabi, UAE*

Letovo School 2020 – 2025
High School Diploma; graduated Cum Laude with the Gold Medal (top of class) *Moscow, Russia*

Technical Skills

Languages: JavaScript, Python, C++, HTML, CSS, SQL
Frameworks & Libraries: React, React Three Fiber, Three.js, Node.js, Express.js, p5.js, ml5.js, D3.js
Concepts: Full-stack development, REST APIs, OAuth, 3D / WebGL, creative coding, generative art, physical computing (Arduino), computer vision, UI / web design, LLM API integration
Tools: Git / GitHub, Vercel, Framer, Webflow, Blender, Figma, Adobe Photoshop / Illustrator / Premiere Pro, Google Workspace, Microsoft Office
Spoken languages: English (C1, IELTS 8.0), Russian (native)

Projects

The Party React, React Three Fiber, Node/Express, Spotify OAuth, Groq LLM github.com/dsshji/the-party
- Full-stack web app that turns a user's Spotify listening into an interactive 3D scene where top artists appear as characters and exchange AI-generated dialogue; combined real-time 3D, live Spotify API data, auth, and an LLM, re-architecting the data model around deprecated endpoints.

STEER_OS34: Generative Audio-Visual Instrument Arduino, p5.js, p5.sound github.com/dsshji/steer_os34
- Designed a physical instrument pairing an Arduino controller (knobs and buttons) with a generative particle system in p5.js; particle collisions trigger notes over a real-time synth drone with live control of sound and visuals.

Ladushki: Camera-Controlled Hand-Pose Game p5.js, ml5.js (HandPose) github.com/dsshji/ladushki
- Built a browser game controlled entirely by real-time hand tracking; players mirror a character's rhythm and hand poses, with escalating difficulty and reactive visuals on mistakes.

Photo Archive JavaScript, D3.js, IndexedDB github.com/dsshji/photo-archive
- Implemented a tree data structure from scratch to organize photos by memory rather than date; persisted data in localStorage / IndexedDB and rendered an interactive D3.js graph (zoom, pan, click-to-focus).

Experience

Design Lab Assistant Sep 2026 – Present
Visual Design Lab, NYU Abu Dhabi (Prof. Goffredo Puccetti) *Abu Dhabi, UAE*
- Led the lab website's migration from Webflow to Framer, exporting and reorganizing the full CMS (articles, text, and media).
- Rebuilt and formatted pages in Framer (headers, scrolling logo, overall layout); contributing written articles and event support.

Sales Consultant, Amazing Red (former PUMA flagship) Jun 2025 – Aug 2025
Okhotny Ryad *Moscow, Russia*
- Consistently exceeded monthly sales targets while serving a high volume of Russian and international customers in both languages; 73% multi-item sales, averaging 2.13 items per transaction.

Private Tutor (English & Mathematics) 2022 – Present
Self-employed *Remote / Moscow*
- Tutor primary and middle-school students, tailoring each lesson to the student's level, pace, and gaps.

Leadership & Community

Treasurer & E-Board Member Aug 2026 – Present
PAUSED: Video Gaming Club, NYU Abu Dhabi *Abu Dhabi, UAE*
- Built the club's visual identity and run its social media (posters, posts, Discord); help plan, host, and promote events.

Co-Founder & Career Track Lead, ProLetovo 2023 – 2024
Student-run non-profit supporting children in orphanages *Odintsovo, Russia*
- Co-founded a student non-profit helping orphaned children build their own projects; led the career track: ran 5+ creative workshops, mentored 3+ children, and organized career lectures for 20+ students.

Honors

World Economics Cup 2024: Top 5 in Europe (Case Round), Top 7 in Europe (team overall), National Top 10 personal score; global competition across 47 countries.
